Discussion was held with reference to whether we should purchase only the Town Clerk program to replace our out dated program, which was lost with the crash of the computer or if we should purchase the Town Clerk's program and the Tax Collector program together, at a savings of \$400.00. The county has indicated that eventually the tax collection would have to be computerized and many of the towns have already taken steps to meet this. The board decided we should purchase both programs and advice the Tax Collector of the board's decision to progress in this area. She will be notified of the upcoming training schedule.
