**Supervisor:** The Supervisor brought up and discussed at length the fact that the property next to our building on the depot is not available due to the fact that it belongs to the County. They do not want to give it away to us. However it was discussed that we could now put in two overhead doors because we are saving the money to tear down the fence and make other improvements. Supervisor will keep us up to date as things progress.

\*\*\*\*\* footnote correction...Angela Teste correct to read Angela Testa, Pat Morrell, by phone corrected to read present Pat Morrell, High way report is to read loader only not skid steer,

**OLD BUSINESS: Again** it was brought up to please get your reports to the Town Clerk on the Friday before the meeting so that an agenda could be formed and so that they could be posted on line so everyone can be aware of them. Better to prepare to ask questions. Also On going business involves chickens. MS Gruele came in for a Special permit for her. This is how the codes for the Hamlett of Willard handles this.
